

Get your participants outside, physically active, engaged with nature, and having so much fun they'll come back for more!

Tree Climbing

For Your Camp, School or Organization

Safe **Exciting!** **Satisfying** **Learn Self Reliance** **Gain Confidence**

- Easy and inexpensive to get started.
- Trees are everywhere and no construction is required.
- Many of the same activities and benefits as a challenge course, climbing wall, rock climbing, etc.
- Climb on your own or a nearby partner's property.
- Little or no travel required.
- Less expensive than many other programs (eg, boating, horseback riding, challenge course, climbing wall).
- A great adventure program with which to start.
- A natural addition to other adventure programs.

VS

Adventure Tree - Helping camps, schools and organizations implement tree climbing programs throughout North America. We will help you (1) locate and prepare your trees, (2) acquire quality gear in economical packages, (3) implement essential procedures, and (4) train your staff to be proficient tree climbers and excellent, safe facilitators.
